

Welcome to the February 2025 Edition!

Hello Tale-Draggers! Groundhog Day is well behind us and Spring can't be far away. Better flying weather is just around the corner. Keep reading for some current club news and upcoming events.

The Continuing Story of the Runway

Great News! The Army Corps of Engineers has expressed interest in helping us re-grade and prepare for the laying of a new geo-textile runway. The current goal is to have the field ready for grading by June 1st. That means the old runway has to be pulled up and any stakes or staples addressed before then. We still have many unanswered questions that we will address as best we can as time approaches.

Please note: The runway may be closed for a portion of this season to allow for construction. That does not mean the entire field is closed, necessarily, but it might mean flying off of the grass for a bit. We apologize for any inconvenience. We will do our best to keep everyone informed. If in doubt of flying safely, please err on the side of caution.

Spring Fun Fly

The Fun fly is approaching rapidly! I will let the flyer speak for itself below. Expect great flying and prizes!

North Mississippi Radio Control Club

SPRING FLY-IN

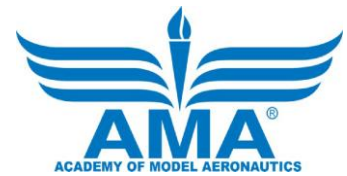

Saturday, March 29th 11am-6pm

\$20 Landing Fee - Includes Lunch
