

Welcome to the September 2025 Edition.

Hello Tale-Draggers!

The club met on 9/18/25 at McAlister's Deli in Olive Branch.

Runway Project

The runway is open! Some work remains, such as installing more staples. If anyone wants to help, we are installing them every foot. Feel free to find an incomplete section and add more. Every bit of effort will help us reach completion and is greatly appreciated

Zero Turn Mower Update

As per the vote our mower buying committee found and purchased a Zero Turn Mower. Mike Orzel found a John Deere Z915B zero turn mower with only 605 hours on it and in very good condition. He managed to make the purchase for \$4000, 2K under the budget, nice job, and big thanks to Mike Orzel. The mower has already been used and works great. Please see Joe C. or Mike O. for operating instructions, other questions, and/or concerns.

Tractor Mowing

Huge thanks goes out to Curtis Cook for tractor radiator repairs. The tractor was used this month to mow all the tractor areas for the second half of the season by Joe C. The tractor ran great and never got over 190 degrees coolant temp. With that our tractor mowing for the year is complete and only a potential small maintenance day may be needed to clear the shrubs on the fence line, fix the gate and touch up any other items of concern. Additionally, the Club plans to purchase solar powered trickle chargers for the tractor and mower to maintain the batteries through the winter and long periods of non-operation.

Fall Fun Fly

We are planning a Fun Fly for October 11th with a rain-date of November 1st or 2nd. Our last event of the year has come, and the time is now to get out and participate. Hoping to see as many members as possible out there enjoying the day together. See the flyer on the next page!

Activities that we are discussing:

- Blackjack
- Hoops
- Rodeo Race

**North Mississippi Radio
