

Welcome to the July 2026 Newsletter.

Patches: If you have not been given your patch in person yet, watch for it to arrive in the mail. Additional patches are still available for purchase.

AED: AMA sent out an email titled, “Enhance Your Club’s Safety This Year”. It offered a grant in which we could apply for 25% or up to \$200 towards the purchase of an Automated External Defibrillator (AED). Further discussion is needed and additional research is being done by Dennis Hatchel. Bring your comments and concerns to the next meeting or let a club officer know what you think. We plan to put it to a vote at the next meeting.

Runway update: We are still planning to install the last 100 feet of runway. The current temperatures have placed this on delay, we don’t want to have anyone go down for heat exhaustion, just know that the plan is to have it down in time for the Club Member Only Fun Fly that way we can all break it in together.

NMRCC Fall Fly-In: The Fall Fly-In dates have been set for November 6th through the 8th. Mark your calendars early and prepare your aircraft for another good time.

Club Member Only Fly-In: Although the voting has closed, this item will be tabled again at the next Club meeting due to Scheduling conflicts with the dates voted on.

Other Upcoming Events: Millington Barnstormers 3rd Annual Jim Lynch Fly In, August 21st through 23rd.

North Mississippi Radio Control Club
8174 Pratt Road Hernando, MS. 38632
